

# SPOKANE

## **Michelle Burdick, Spokane E A**

Michelle Burdick has been the Veterinary Assisting Instructor at NEWTECH Skills Center for Spokane Public Schools for the last 16 years. She has been a Building Representative for 13 years and has been bargaining since 2009. She has been the Certificated Bargaining Chair since 2015 and was instrumental in asking the members to vote to go on strike in 2015 if the district did not settle and give fair raises to our classified employees. Michelle has been to the last 5 WEA-RA and is on Spokane Education Association's Executive Board for the last 5 years in the following capacities: Zone Director, WEA PAC Manager and Financial Secretary.

She is a very dedicated teacher and union member.

I would be honored to serve you as one of our Uniserv Representatives to the WEA Board and would greatly appreciate your vote!

## **Jeremy Shay, Spokane E A**

For 13 years I have been a science and math teacher in Spokane Public School district. Working at Ferris since 2007 I have been an active SEA member, filling roles as a building representative, SEA financial secretary, and currently serve as SEA Vice President. I have also attended both the Washington State and the National Representative Assemblies. Although I have had the opportunity to speak for the SEA members in my many different roles I would like the opportunity to continue in my roll as a WEA UniServ Council Director to the Board!
