

WEA CHINOOK

Adam Brickell, Olympia E A

I have served as a WEA Board Director for the past two years. During my time on the WEA board I have had the opportunity to help WEA navigate some challenging times. We soon will be experiencing some of the most challenging times this association has had to face. With the Janus federal supreme court decision looming, and a new state education funding formula about to be implemented, the association will have plenty of work to do. Last year I was asked to serve on the WEA bargaining team to help bargain a new contract with the WEA Staff Organization (WEASO). This experience gave me great insight into both the WEA budget as well as the WEASO CBA. Depending upon the results of the Janus decision, WEA may need to make some tough decisions regarding budget priorities, contractual obligations, and the focus of the work of the association. I want to help WEA become stronger and continue to be member focused as we work our way through these uncertain times. I appreciate your vote!

Tim Voie, Tumwater E A

I've enjoyed my two years on the WEA Board of Directors representing WEA Chinook Uniserv. Being involved at the state level allows me to bring information from Federal Way to members who are supported by Chinook Uniserv. Also, as a local association president, I'm able to better serve my Tumwater EA members.

Being on the WEA BOD also allows me to be politically active, lobby our legislators, and urge our politicians to support WEA's education agenda - this year the Unity Agenda.

I would like the opportunity to continue to represent you on the WEA Board of Directors. I would appreciate your support and vote.

Tim Voie
