

WEA MIDSTATE

Tammie Carr, Grandview E A

I currently serve as a WEA Board Director representing MidState and would like to continue to serve in that position. I have learned so much in my first term on the WEA Board and would like to continue to learn, grow and represent MidState as we grow as a union and professional organization. I am the current President of the Grandview Education Association and am the Lower Valley Cluster representative to MidState. I have taught history for 23 years in the Grandview School District.

Keven Cummins, Yakima Association of Building Services (no bio provided)

Kathy Davis, Yakima Association of Paraeducators

Kathy Davis Yakima Association of Paraeducators

I have worked as a para-educator in Yakima for 40 years. I am very active in the Yakima Association of Paraeducators, my local association, and the Wea. I currently serve as a building rep, bargaining support team, council delegate, executive board, and ESP cluster representative. I have been on the Wea Board for 4 years. As a board member, I will gather and share the views from both classified and certified members. I believe I will be a strong voice for all. Please vote for me Kathy Davis
