

WEA CASCADE

Now in my 34th year of teaching in public school classrooms and libraries, I've made time to fight for our students and our union by marching, rallying, lobbying, caucusing, doorbelling, wearing red, sign-waving, emailing, signature gathering, posting, and tweeting. As an executive board member, legislative co-chair, building rep, RA delegate, WEA-PAC endorsement interviewer, and WEA Board Director, I've worked to keep public education, social justice, and the future of our union at the forefront. I would be honored to have your vote and to continue this work during a second term on Board. Thanks for your

support.
