

# WINE & WISDOM

## MICROAGGRESSIONS IN OUR SCHOOLS

### **WHAT ARE MICROAGGRESSIONS?**

Microaggressions are daily verbal, behavioral or environmental messages that have a harmful impact whether it is intentional or not. Without consciousness, we are promoting microaggressions. Join us as we explore our implicit biases. Learn about microaggressions in our workplace and how it can affect our students. Meet educators in our district that look like our students in the classroom.

**Wed., January 16, 2019**
