

Health Care Benefit Fairs

Want a chance to learn more about the School Employee Benefit Board (SEBB) health care plans and talk directly with representatives? As of mid-June, the state Health Care Authority (HCA) has indicated that it will hold 20 benefit fairs across the state at the locations listed below

The benefit fairs are generally expected to run from about 4pm to 8pm. Stay tuned for the final details, which are expected to be available in August.

In addition to these HCA benefit fairs, school districts can also hold their own benefit fairs for SEBB open enrollment.

HCA will also have an online “virtual benefits fair” that will be available during open enrollment, including access to an automated online benefits advisor (ALEX).
