

Why Join WEA-PAC?

“The dramatic improvements in classroom funding and salaries we’ve achieved in the last few years didn’t happen because the legislature spontaneously decided our students need more support.”

“It happened because educators united, pushed for change in the courts, and worked hard to elect legislators that strongly support public education.”

“Without the work we’ve done through WEA-PAC, none of our gains in the past few years would have happened.”

Kari Van Nostran
WEA Vancouver President
WEA-PAC Board member

What is WEA-PAC?

The mission of the Washington Education Association - Political Action Committee (WEA-PAC) is to recommend and elect pro-public education, pro-union candidates to office. WEA-PAC makes recommendations in statewide, legislative and local elections.

How do we decide who to recommend?

WEA-PAC recommends and elects PRO-PUBLIC EDUCATION, PRO-UNION candidates – regardless of party affiliation. To be eligible for a recommendation candidates complete a written questionnaire and participate in an interview with members just like you.

Join Us!

The people we elect make decisions that affect our classrooms, our paychecks, our families and our students. We need candidates who will advocate for a well-funded education system as well as hold the line on threats to educators, students and public schools.

For just \$2.25 per month you can join us. Together we can elect candidates who will stand up for educators and students!
