

Vancouver UniServ Council Director to the Board Nominees

Mona Rominger, VANCOUVER E A

I began my career as a preschool special education teacher in Vancouver 29 years ago. During the intervening years I've taught kindergarten, elementary and high school special education. I am an advocate for both students and educators.

I have been an active participant in my local association, serving on the Vancouver education association executive board. I have been a long time building representative, a past member of Vancouver's bargaining team and a member of several committees. For many years I have been a delegate to WEA representative and NEA representative assembly.

I have also had the opportunity to be a TPEP trainer, participate in multiple legislative actions, be a 1351 class size counts fair booth coordinator with Riverside Council and in the WEA membership matters work group.

I would like the opportunity to continue to be involved at the state level by continuing as a WEA board member. This would be the best opportunity to participate in the process that helps shape the future of our organization, bringing local concerns to the state level.

It would be an honor to have the opportunity to represent you.
