

Legislative Work Team Charges 2020-21

- Update the WEA-Retired Legislative Goals for adoption by the WEA-Retired Board.
- Participate in the annual WEA-Retired/RPEC (Retired Public Employees Council) joint lobby day. (Will be held as a virtual event this February.)
- Review legislation which could impact retired members, and communicate our positions with legislators and other elected officials, as appropriate.
- Establish an ongoing WEA-Retired Legislative Bulletin to be emailed to all members.
- Plan for a virtual legislative event for all interested WEA-Retired members.
- Communicate regularly and engage with legislators, other officials, and state committees as appropriate on our legislative goals.
- Monitor the work of and attend as appropriate the Select Committee on Pension policy, the Public Employees Benefits Board, and the School Employees Benefit Board.
- Become better informed about our pension systems, pension issues, and state committees that influence pension policies. Find opportunities to share this with other WEA-Retired members.
- Promote WEA-PAC and NEA-FCPE (NEA-PAC) participation.

Members of the Legislative Work Team will be asked to complete a feedback form in May. This will provide an opportunity for members to share how they contributed to the WEA-Retired Legislative Work Team and suggest ideas for the next year.

*Adopted October 2020.
