

Summer Skip – Just One Way to Save On Your Insurance

We could all use a little more savings these days. By following the tips below, you, too, can save on your auto and home insurance - in some cases more than you think!

Here are simple ways you can SAVE MORE on your insurance:

- 1) **Choose a Summer Skip Payment Option** – adjust your payment schedule to EZ Pay and choose two summer months that you wish to skip (June/July, July/Aug or Aug/Sept).
- 2) **Buy Auto and Home/Renters Insurance From the Same Company** – take advantage of significant discounts when your home or renters insurance is combined with your automobile insurance. In some cases, the savings “pay for” your renters policy.
- 3) **Increase Your Deductibles** – the amount you’ll save each month could add up, especially if you are incident-free for a number of years. Just make sure you can cover the higher deductible in the event something happens.
- 4) **Seek Out Additional Discounts** – ask about discounts that were not applicable when you purchased your policy, but may be now. A quick policy review with Customer Service is usually all that is needed.
- 5) **Quote with California Casualty if You’re With Another Carrier** – the member-only rates and educator-specific benefits offered through the NEA Auto and Home Insurance Program could offer significant long-term savings.

California Casualty has been serving the needs of educators since 1951 and is the only auto and home insurance company to earn the trust and endorsement of the National Education Association (NEA). As a result, NEA members qualify for exceptional rates, deductibles waived for vandalism or collisions to your vehicle parked at school, holiday or summer skip payment plans and free Identity Defense protection – exclusive benefits not available to the general public.
