

## Action items

Keep the pressure on lawmakers. Tell them to support the House education funding plan and to oppose the Senate's plan. Here are some possible "At-home" actions you can take in your own communities.

- **Small back-home coffee meetings with legislators:** Meet with small groups at the local coffee shop.
- **School-based canvassing/doorbelling:** WEA members canvass their students' families or legislators' neighborhoods with pro-funding literature on a Saturday or after school
- **Candlelight vigils:** For public schools
- **Picketing:** Picket in legislative districts when legislators are home
- **Signs:** Wave signs, banners on street corners and overpasses
- **Walk-ins:** Gather with parents and community members before school, with signs and banners. Everyone walks in to the building in a show of support for funding our students' education.

Legislative communications campaigns

- **Email legislators in support of the House budget and in support of bargaining rights**
