If class sizes and caseloads exceed the limits described in our contract on the four "count dates" then remedies are paid according to the schedule in Appendix A3.

SECTION 12.10 - EMERGENCY LATE STARTS AND CLOSURES

SECTION 19.3 - EMERGENCY LEAVE

Emergency late starts and closures change the responsibilities of our members:

- In the event of a late start, teachers are expected to report 1 hour before the new start time.
- If school closures are announced late (after 5:30 am for secondary and after 6:30 am for elementary), staff who have already reported to work will be compensated.
- When emergency schedule changes occur, scheduled leaves will be processed as previously requested.
- Staff who are unable to report to work may request emergency leave or use annual leave.

SIOP Cohorts for Certificated Elementary and Secondary Classroom Teachers

.....

This cohort is designed for participants who are interested in taking a deeper dive into learning more about one of the components of SIOP and implementing it in their practice. Cohort participants will work collaboratively to use SIOP strategies to design instruction to directly impact student growth. Teacher teams will analyze evidence of learning and reflect on instructional shifts to meet student needs.

The cohort consists of three in-person meetings and an option for one asynchronous hour for additional collaboration. It is beneficial to sign up with a content-area team member, but not required. **Participants will be paid LWS D timecard rate and are eligible to earn up to 5 clock hours. Sign up on Cornerstone.**

Are you ready for inclement weather?

When emergency conditions such as snow and ice or windstorms result in school schedule changes, the district will notify families directly through ParentSquare.

Additionally, learn about school schedule changes via:

- Pop-up alert on <https://www.lwsd.org/> and school webpages.
- [Flashalert.net](#) – this website allows you to sign up for text messages as well.
- Local TV/radio stations – they get a feed from Flashalert.net of all school schedule change decisions.

Curious about how school schedule change decisions are made? Visit the [School Closures and Late Starts page of the district website](#).

Attention LWSD Substitutes!

LWEA is preparing for a contract negotiation and wants to hear from substitutes who work in LWSD.

**We are holding a listening session on Thursday, December 8.
You can attend in person or through Teams.**

Do You Know a BIPOC Paraeducator Who Would Make a Great Teacher?

Share this information with any Paraeducators you think would make a great teacher. Maybe they just need a little nudge and encouragement!

Schools with dual language programs need teachers who are either bi/multilingual and/or are English speakers interested in teaching with someone who is bi/multilingual. Western Washington University's Woodring College of Education offers two programs focused on multilingual education. Successful completion of either program also leads to a recommendation for a state resident teaching certificate. Endorsement options are available for Elementary Education K-8, English Language Learners P-12 and Bilingual Education P-12. Classes are held during evening hours, Saturdays and summers at the Puget Sound Educational Service District in Renton.

Unlike most certification programs, this program is a hybrid of job-embedded learning and cohort classes that create a community of learners growing together and achieving the dream of having their own classroom. As we all know, we have a shortage of educators, and these types of programs that allow educators to work and meet their professional goals are desperately needed.
