Guest & Substitute Teacher Training 101

Designed to help guest teachers transition from getting a call to substitute teach to completing the assignment with success, this training is conducted by veteran practicing guest teachers who have successfully navigated issues that guest teachers are faced with every day.

Culturally Responsive Classroom Management

This training helps educators develop culturally responsive classroom management practices to ensure that students experience a positive, consistent, safe and equitable classroom. Participants learn strategies to appreciate and appropriately integrate their students' culture and family backgrounds into the classroom culture.

Culturally Responsive Behavior Interventions

This training helps educators integrate culturally responsive behavior interventions practices into their classroom. Participants build on concepts from earlier courses in the Culturally Responsive Strategies series to learn to implement behavior intervention strategies that respect all students.
