Washington's K-12 ESP average salary ranking among 50 states and DC, 2008-09 through 2022-23

Sources: NEA ESP Earnings Report from 2010-2024. Original source of salary data was the U.S. Census Bureau's American Community Survey (ACS), which is a continuously-collected survey that uses a nationwide sample. As a result, this data provides a picture of ESPs working in public schools as a whole rather than NEA's ESP membership.
